Dear Ms. Pataluna:

This is in response to you two letters dated April 2, 1999 concerning the Year-End Report (11/24/98 - 12/31/98) of the above-referenced Committee.

Concerning the notation that the report filed was a termination report, please be aware that the termination box was marked accidentally. The Committee is not terminating at this time. The Committee will file an amended report in which the termination box is not marked.

You also questioned three contributions which were marked for the primary election. These contributions were received in December without designation, so the Committee has attributed them to its next scheduled election, the 2000 Primary. In its amended report, the Committee will mark the "Primary" box, instead of the "Other" box to indicate that these contributions are for the Committee's 2000 primary.

Please feel free to contact me if you have any further questions.

Very truly yours,

Gloria Simmons
